The main objective OFFICINE LUIGI RESTA S.p.A. aims, is to guarantee respect and full application of environmental laws, regulations and requirements.

For this purpose the company has defined this environmental policy, which represents a commitment for all the people who work for the organization or on its behalf and which contains the following principles:

- **Protect the environment** and move towards **sustainable development** by controlling its environmental aspects, by implementing, maintaining and improving an Environmental Management System compliant with the ISO 14001:2015 standard, which adheres to the Environmental Policy and maintained **in compliance with current legislation**.

- Prevent any pollution and minimize the environmental impact of its activities, and where possible, the entire life cycle of products and service.

- Ensure that all employees and the main external collaborators carry out their work complying to company policy, in full compliance with the law and the **requirements of the parties involved**.

- **Communication** will be facilitated to ensure that all workers are aware of the Environmental Policy.

- Formulate environmental improvement objectives that, defined by the Company Management, will be documented and communicated to the **interested parties**. The environmental objectives, according to scientific and technological progress, will be applied according to market logic, to all the activities, productions, processes, products, and raw materials of the plant.

- Conduct periodic **reviews of the context and of the EMS** to assess and manage risks that could prevent the realization of the above and the opportunities for improvement of environmental performance.

For all this the Management commits itself to assume a leadership role in the promotion and guidance of all activities having an influence on the environment, through the diffusion at all levels of the concepts presented here, the verification of the results obtained and the drafting of improvement.
